

Common Area installation for Employee's Well being

Incorporate nature with Multimodal stimulus (auditory, visual, olfactory)

Material: reclaimed wood, raw steel, hemp rope

Dimension: Ø1.90m, 2.0m(H)

What you get

- Improve QoL of employees with acoustic and visual privacy
- Community garden (Pruning is caring)
- Gathering focal point of the space

Having a Cocktail party?

When hanging out with a crowd nearby, irido tackles the cocktail party effect and lets you maintain clear conversation with your colleague.

Fit in anywhere

Irido is Designed for Disassembly (DfD), it means you can place it anywhere within the space and still enjoy its' acoustic benefit.

Team building

Great team building activity with our intuitive carabiner system, assembling irido is as easy as LEGO / IKEA furniture.

[Hear it](#) before you buy it

Send us Your office's BIM model and you can hear how it fits in your workspace before purchasing it.

Art piece that involve over time

Employees can enjoy the color of wood and the growth of plants over time.

Transparency in price and sourcing

We source our materials locally, with transparent pricing on configurable options* to facilitate your needs.
